

Center for Beef Excellence Carcass Evaluation

◆ Producer Application

The program is designed to equip beef producers with a management tool to determine carcass trait factors. Information that will be obtained through the program will allow participants to evaluate breeding programs, compare feed programs and enhance profitability/management goals of operations. USDA Agricultural Marketing Service (AMS) Graders provide the data contained in the report.

This application must be completed and submitted to:
 Center for Beef Excellence ◆ 2301 North Cameron Street, Room 303 ◆ Harrisburg, PA 17110 ◆ 570-687-3150
